About the Institute Infrastructure and Facilities

(In reply to the notification by RTMNU dated 02.01.2016 and Directorate of Education 30.12.2015)

1. Institute has its own building, one block (East) exclusively for MBA and the other (West) for BBA, MCM and PGDCCA.
2. There are classrooms in east block with a seating capacity of 80 approximately for all. All of the classrooms are equipped with LCD, Computer, Whiteboard and personal address system. At the west block also, there are classrooms with an approximate capacity of 80 students. In both the blocks one third of the classrooms are air cooled.
3. Each of the east and west block of MBA facility has two separate libraries. Total 23478 books on various disciplines of management, commerce and computers are available out of which approximately 7% books are on general areas. All the dailies published from Nagpur are available on daily basis in sufficient copies. Journal, magazines and periodicals from most of all the well known organizations and institutes are easily available and accessed by the students. Each of the libraries has its reading room with a student capacity of 100.
4. On every floor, a standard water purifier cum coolers is installed in both the blocks. For drinking and cooking purpose tap water from Nagpur Corporation is used, while well water is available for general purpose. Also there are enough numbers of stand by water purifier cum coolers are available in both the blocks to face any kind of failures in water system.

5. Every floor on each of the blocks has separate toilets for boys and girls with enough capacity.
6. Sports ground and gymnasium is commonly shared by DAIMSR and DAC, as its belong to the same trust, i.e. Deekshabhoomi Smarak Samiti. In it sports facility all the equipments for indoor like chess, carom, table tennis and outdoor sports like cricket, football, lawn tennis etc. is available in enough quantity.
7. There is no requirement of practical labs. There are four state of the art computers labs, two in each of the blocks. It has a total capacity for 250 students. It has a standard IT infrastructure including routers, switches, computers, LCD, printers, scanners and photocopiers. Wifi facility is available to easily access the internet from all technical devices. 20 mbps line is taken from a reliable internet service provider.
8. Both the blocks has two separate common rooms for boys and girls approximately on each of its floor. Ladies common room has a vending machine for sanitary napkins and a proper disposable system.
9. Hostel facility is not available from the institute. There are many private hostels for each boys and girls available in the proximity of institute with affordable charges.
10. Both the blocks have it separate canteen facility. Breakfast, lunch, snacks, tea etc. is available at affordable rates in the canteen during institute hours. All types of quality aspects are considered in cooking,

serving and sanitation in the canteen premises.

11. First aid box, stretcher, medical rooms are available in both the blocks to take care of health of all the individuals in the institutes.

12. Both the blocks have a state of the art air cooled Seminar Halls for speech, guest lecture, cultural programs etc. These halls have a seating capacity of 120 to 200.

13. Both the blocks are well equipped with CCTV surveillance in its entire floor including critical areas.
